Mission Statement

Doing what is best for our students.

Vision Statement

Giving our students the tools and experiences they need to become lifelong learners.

Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact: (618)326-8811.

Procedures for Student Sign-In/Sign-Out

Students must be signed in or out at the office if they come to school after 8:15 A.M. or if they leave before dismissal time. Students who must leave before dismissal time must report to the office before leaving school.

A parent is requested to write a note if his/her child needs to leave early or is arriving late. The note should state the time, date, and reason. The student should give the note to their teacher at the beginning of the day.

Once a student has arrived at school, he/she will not leave without permission from the principal. Only students with a note from their parents will be permitted to ride a different bus or go to another house after school. It is extremely important that the school be notified of any changes in advance and that we know permission has been granted. Last minute changes cause confusion for children and staff. Those students will be required to have a "bus pass" from the office. **Calls to school after 2:00 p.m. to change transportation arrangements for that day will only be accepted in emergency situations. If your child attends the morning KRP session calls to the school to change transportation for that day will not be accepted after 10:00 a.m. unless there is an emergency situation.**

Students who are staying to participate in an after school activity, which is not school related, such as softball or baseball practice, girl scouts, kids ark, or various other non-school activities must have a **note signed by their parent or guardian giving them permission to stay.**

Visitors

When arriving at the school please proceed to the main entrance at the elementary or the main entrance at the high school to gain access into the building. There is a buzzer located at each of these entrances. Please press the button and the office personnel will grant you access into the building after you have identified yourself and informed the office personnel of your reason for being at school. Upon entering the building proceed immediately to the elementary office.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principals in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

School Volunteers

All school volunteers must complete the “Volunteer Information Form” and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

Treats & Snacks [PreK-5]

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. All treats and snacks must be store bought and prepackaged in individual servings. No homemade treats or snacks are allowed at school. Treats and snacks must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.

Emergency School Closings

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. School closings for any reason will be announced by 6:00 a.m. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal.

If we dismiss early for an emergency, all after-school functions are automatically cancelled.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (618)326-8811.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Registration and Entry Regulations

Transfers

Whenever a student transfers in to the district a transfer letter entitled STUDENT IN GOOD STANDING must be received from the school the student previously attended before the student will be enrolled in Mulberry Grove Elementary School.

Registration

Registration should be completed for all students during the designated days in August. At that time, enrollment forms and emergency cards are completed and book fees are paid. The school district provides insurance for all students. This insurance is supplemental insurance and will only pick up costs that your primary carrier does not cover.

Recess

Students will play outdoors when the weather is permissible. When recess is held in the gym, gym shoes will be worn. Activity is valuable in keeping children healthy and alert. Students should always be dressed appropriately for the weather. Unless it is extremely cold outside, students will be outside during the winter months. If it is necessary for your child to stay in during recess, due to extreme illness, a note must be sent which states the date and reason the child is to stay inside. However, if a child is requested to stay in for an extended period, a note from the doctor must be presented to the office.

School Out Reach Program

Parents will be informed of school closings, some athletic/club changes, and some special events through our Out Reach Program. You will receive a phone call at your designated number informing you of these closings or events.

Progress Reports/Parent Connect Program

Progress reports for students with unacceptable grades will be routinely sent out at mid-quarter. Parents are encouraged to respond to these notices. A parent-teacher conference can be scheduled upon request. Parents are also encouraged to check their child's grades regularly through the parent connect program.

Report Cards/Parent-Teacher Conferences

There will be two scheduled Parent-Teacher Conferences during the school year. The first is scheduled for the end of the first quarter and the student's report card will be given at the conference. All parents are expected to meet with their child's teacher at this time. There will also be a conference at the end of the third quarter. This conference should allow parents to see how well their child is progressing academically. The third quarter report card will be given to the parents at this conference. Second quarter report cards will be sent home with the students. Fourth quarter report cards may be picked up on the last day of school by either the parents or by the students. Parents may also send a self-addressed stamped envelope if they would like their child's report card to be mailed to them.

Response to Intervention

Response to Intervention (RtI), otherwise known as the extra inning, is a process designed to help schools focus on and provide high-quality instruction and interventions to students who may be struggling with learning. An intervention is a specific type of instruction that is used to help with a specific type of problem. Interventions are matched with student needs. Student progress is monitored often to check the effectiveness of the instruction and interventions. The data collected on a student's progress is used to shape instruction and make educational decisions. Use of an RtI process can help avoid a "wait to fail" situation because students get help promptly within the general education environment.

Eagles Way

Eagles Way is the title of the Mulberry Grove Elementary School PBIS system. PBIS stands for Positive Behavior Interventions & Supports. PBIS is a proactive systems approach for establishing the behavioral supports and social culture needed for all students in a school to achieve social, emotional, and academic success.

Chapter 2

Attendance and Promotion

Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

The importance of regular attendance at school cannot be overstated. The administration and teachers of Mulberry Grove Elementary School urge all parents and students to be aware of the value of regular school attendance. Attendance and academic achievement are closely related.

Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reason as approved by the principal. All other absences are considered unexcused. Pre-arranged excused absences must be approved by the principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent or guardian is required to call the school at (618)326-8811 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 9:30 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent or guardian cannot be contacted, the student will be required to submit a signed note from the parent or guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent or guardian, the reason for an absence will be kept confidential.

We allow ten absences per year. They can be excused by the parent, doctor, etc. After the 10 days all absences must be excused by a doctor, dentist, or other health professional.

Chronic absences may result in a referral to the Regular Attendance Program.

Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up any examination, study, or work requirement.

Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests for equivalent academic credit. Students with excused absences will be permitted the same number of days as he/she was absent to turn in the make-up work. Students who are serving an out of school suspension will be given a reasonable opportunity to complete the make-up work. Students who are unexcused from school will not be allowed to make up missed work.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

Grading & Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher.

Grading Scale

90-100	A
80-89	B
70-79	C
60-69	D
0-59	F

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

Academic Awards

The scholastic awards given by the Mulberry Grove Elementary School are high honors and honors. These awards will be given to students in third, fourth, and fifth grade. Qualifications are as follows: **High Honors:** Students must have a semester average of “A” in the following subjects: reading, language arts, math, social studies, science, and spelling. **Honors:** Students must have a semester average of “B” or better in the following subjects: reading, language arts, math, social studies, science, and spelling. Students cannot receive a “B” and qualify for High Honors or a “C” and qualify for Honors.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student’s teacher, ability and grade level.

Home and Hospital Instruction

A student who is absent or whose physician anticipates his or her absence from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student’s home or hospital.

For information on home or hospital instruction, contact: Mr. Koontz at (618)326-8811.

School Improvement Plan

All schools are required to develop a school improvement plan. The focus of the school improvement plan is on improving learning for all students. The School Improvement Plan addresses the following elements:

1. Demographic information on the student population is maintained indicating the number and percent of students at each grade who are receiving special services as well as information about attendance, truancy, mobility, etc.
2. Analysis of assessment data, teaching and learning, and the learning community.
3. Strengths and areas of concern are identified.
4. Goals and strategies for improvement are identified.

Chapter 3

Student Fees and Meal Cost

Fines, Fees, and Charges; Waiver of Student Fees

Book Rental and Fees

School fees are \$45.00 for kindergarten students. This includes a \$5.00 fee for juice in the afternoon. For students in grades first thru fifth school fees are \$40.00. There will also be a \$5.00 art fee for grades first thru fifth.

The school establishes fees and charges to fund certain school activities, including workbooks, etc. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if the student currently lives in a household that meets the income guidelines, with the same limits based on the household size, that are used for the federal free meals program.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

School Breakfast & Lunch Program

Breakfast is served every school day from 7:50 a.m. to 8:12a.m. Lunch is served every school day from 10:50 a.m. to 11:40 a.m., except when there is a 11:15 a.m. or earlier dismissal.

A student may purchase breakfast for \$1.10. Breakfast may be purchased on a weekly basis for \$5.50.

A student may bring a sack lunch from home or may purchase a school lunch for \$1.75 and/or milk for \$0.30. Lunch may be purchased on a weekly basis for \$8.75.

Free or reduced price meals are available for qualifying students. For an application, contact the building principal.

An account is kept for each student. Students use an ID card that is scanned for each use. Students who lose, damage, or destroy their ID cards will be charged \$5.00 for a replacement one. Any amount of money may be deposited into the student's account to pay for lunches for a day, week, or the year. The lunch program requires that student take a minimum number of items. (No one is required to eat or drink any particular item.) Students are to take milk unless they have a doctor's note.

Parents are encouraged to pay into the student account on Monday or the first day of the school week. Charging meals creates problems and we ask that students do not do this. When there is a negative balance, a notice will be sent home with the student and whenever a student's charge is \$10.00 or over, the parents will be notified by mail. If the account is not paid or acceptable arrangements to pay it or not made within five school attendance days, the student will be given a minimal meal (sandwich and drink) or that student may bring a lunch from home.

Chapter 4

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year.

In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

1. Choose a seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
2. Do not move from one seat to another while on the bus.
3. Keep all parts of the body and all objects inside the bus.
4. Loud conversation, singing, boisterous conduct, unnecessary noise or profanity is not allowed.
5. Enter and exit the bus only when the bus is fully stopped.
6. All school rules apply while on the bus, at a bus stop, or waiting for the bus.
7. Use emergency door only in an emergency.
8. In the event of emergency, stay on the bus and await instructions from the bus driver.
9. Good behavior and behavior that will not distract the bus driver from operating the bus safely is required. Crowding, pushing, scuffling, and other needless commotion are grounds for disciplinary action.
10. Keep the bus neat and clean.
11. Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
12. Be waiting at your bus stop on time.
13. Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.
14. Keep book bags, books, packages, coats, and other objects out of the aisles. Keep all body parts clear of the aisles when seated.
15. Eating and drinking are not permitted on the bus.

18. Parents will be liable for any defacing or damage students do to the bus.
19. Be absolutely quiet when approaching, while stopped at, and while crossing railroad crossings.
20. No animals are allowed on the bus.
21. Do not ask the driver to stop at a place other than the regular bus stop. The driver is not permitted to do this, except by proper authorization from a school official.

Bus Discipline Policy

If a student is guilty of misconduct or a continuing series of minor incidents reflecting poor citizenship, the bus driver will issue a “Bus Conduct Notice”. The driver will inform the building principal of the reason for issuing the notice and the principal will follow up with a meeting, which includes the student. The principal will either approve or disapprove the bus conduct notice and apply appropriate consequences.

Guidelines for determining consequences for misconduct on the bus:

- 1st Bus Conduct Slip – noon detention
- 2nd Bus Conduct Slip – In-school detention
- 3rd Bus Conduct Slip – Removal from bus (1-3 days)
- 4th Bus Conduct Slip – Removal from bus (1-5 days)
- 5th Bus Conduct Slip – Removal from bus (5-10 days)

***More than 5 conduct slips will be dealt with by the administration.**

For questions regarding school transportation issues, contact: (618)326-8811 or (618)326-8617.

Parking

The school has locations available for school visitor parking.

Those dropping off and picking up children may do so in front of the elementary school during the following hours: 8:00 a.m. – 3:00 p.m. Please remember to be courteous of the busses dropping off students and do not pass a school bus that is unloading students.

Vehicles **MAY NOT** be parked or located in the **bus lanes or fire lanes** at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police. In addition to this vehicles may not drive through the bus lanes to leave the parking lot.

Chapter 5

Health and Safety

Immunization, Health, Eye and Dental Examinations

Required Health Examinations and Immunizations

All students are required to present appropriate proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering Preschool, Kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

The required health examinations must include a diabetes screening (diabetes testing is not required) and a statement from a physician assuring "risk-assessed" or screened for lead poisoning.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. New students who register mid-term shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering Kindergarten or the school for the first time must present proof before October 15 of the current school year of an eye examination performed within one year prior to entry of Kindergarten or the school. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All children entering Kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year. Failure to present proof allows the school to hold the child's report card until the student presents: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Religious or medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
4. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "Student Medical Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or

the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel. ***See Attached**

Guidance & Counseling

The school provides a guidance and counseling program for students. The school's counselors are available to those students who require additional assistance.

Safety Drill Procedures and Conduct

Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

Communicable Diseases

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Listed below are the reasons that you should definitely keep your child home from school. These are from the American Academy of Pediatrics:

- Illness that keeps a child from participating comfortably in daily activities
- Fever above 100 degrees; students should be fever-free for 24 hours before returning to school
- Lethargy, irritability, persistent crying, difficulty breathing
- Vomiting within the last 24 hours
- Diarrhea—even one episode in the last 12 hours

- Mouth sores accompanied by drooling
- Pink eye and/or white or yellow discharge from the eye
- Impetigo, a skin infection marked by weepy, scaly, or crusty rash until 24 hours of treatment
- Strep throat until after 24 hours of treatment
- Head lice until the child's hair has been treated appropriately
- Chick pox until five or six days after the rash appears or until all lesions have dried and crusted
- Ringworm until 24 hours of treatment

Head Lice

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Infested students will be sent home following notification of the parent or guardian.
3. The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.
4. A student excluded because of head lice will be permitted to return to school **ONLY** when the parent or guardian brings the student to school to be checked by the school nurse or building principal and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be checked for head lice.

Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system.

system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.

- f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.

Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
 1. First Offense – The item will be delivered to the office where the student may pick it up at the end of the school day.
 2. Second Offense – The item will be delivered to the office where the student may pick it up at the end of the school day. The second offense will also involve a phone call to the parent or guardian regarding the incident.

3. Third and Subsequent Offense(s) - The item will be delivered to the office where the student's parent or guardian may pick it up. On the third offense the student will also serve an after-school detention with the principal.

Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.

19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened

individual because of his or her duties or employment status or status as a student inside the school.

20. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive intervention and supports shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psych stimulant medication to the student.

When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event.
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Disciplinary Measures

School officials shall limit the number and duration of expulsion and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school

suspensions or expulsions. Potential disciplinary measures include without limitation, any of the following measures.

1. Notifying parents/guardians
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property
6. In-school suspension
7. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
8. Suspension of bus riding privileges.
9. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
10. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
11. Transfer to alternative program if the student is expelled or otherwise qualifies for transfer under State law.
12. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), “look-alikes,” alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable

relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above. The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

Gang & Gang Activity Prohibited

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students

The building principal or designee shall meet with a student returning to school from an out-of school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for academic credit.

Due Process Procedures

The district superintendent will review student discipline and a parent may request review by the superintendent and, ultimately, the Board of Education. It is the intent of the Elementary School that discipline be administered fairly and impartially with the intent of improving student behavior.

Preventing Bullying, Intimidation, Teen Dating Violence & Harassment

Bullying, intimidation, teen dating violence and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors is an important school goal.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school sponsored or school sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school- related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

For purposes of this policy, the term bullying means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student in reasonable fear of harm to the student's person or property.
2. Causing a substantially detrimental effect on the student's physical or mental health.
3. Substantially interfering with the student's academic performance.
4. Substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying, intimidation, teen dating violence and/or harassment may take various forms, including without limitation: threats, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. For purposes of this policy, the term bullying includes harassment, intimidation, teen dating violence, retaliation, and school violence.

A student who is being bullied is encouraged to immediately report it orally or in writing to any staff member with whom the student is comfortable speaking. Anyone who has information about actual or threatened bullying is encouraged to report it to the elementary principal. The school will not punish anyone because he or she made a complaint or report, supplied information, or otherwise participated in an investigation or proceeding, provided the individual did not make a knowingly false accusation or provide knowingly false information. The school will protect students against retaliation for reporting incidents of bullying, intimidation, teen dating violence or harassment, and will take disciplinary action against any student who participates in such conduct.

Cafeteria Rules

- Students shall not save seats for other students.
- Students shall walk to lunch and shall be orderly and quiet during lunch.
- Trays shall be stacked neatly after placing silverware in its proper container. No food shall leave the cafeteria.
- Loud talking, yelling, screaming, and other disruptions are prohibited.
- Students shall not throw food, milk cartons or other items.

- Students shall report spills and broken containers to cafeteria staff immediately.
- Students shall be dismissed from the cafeteria by the lunch room supervisor.

Misbehavior will result in disciplinary action in according to the school's disciplinary procedures.

Field Trips

Field trips provide an educational experience for all students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

- All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission.

Chapter 7

Internet, Technology, and Publications

Internet Acceptable Use

All use of electronic network use must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or prescribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

- a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
- b. Unauthorized downloading of software;
- c. Downloading copyrighted material for other than personal use;
- d. Using the network for private financial or commercial gain;
- e. Wastefully using resources, such as file space;
- f. Hacking or gaining unauthorized access to files, resources, or entities;
- g. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
- h. Using another user's account or password;
- i. Posting material authored or created by another without his/her consent;
- j. Posting anonymous messages;
- k. Using the network for commercial or private advertising;
- l. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
- m. Using the network while access privileges are suspended or revoked.

Network Etiquette - The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- a. Be polite. Do not become abusive in messages to others.
- b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.

- c. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- d. Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- e. Do not use the network in any way that would disrupt its use by other users.
- f. Consider all communications and information accessible via the network to be private property.

No Warranties - The school and district make no warranties of any kind, whether expressed or implied, for the service it is providing. The school and district are not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The school and district specifically deny any responsibility for the accuracy or quality of information obtained through its services.

Indemnification - The user agrees to indemnify the school and district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school or district relating to, or arising out of, any violation of these procedures.

Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or building principal. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Any user identified as a security risk may be denied access to the network.

Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Copyright Web Publishing Rules - Copyright law prohibits the republishing of text or graphics found on the Web without explicit written permission.

- a. For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.
- b. Students engaged in producing Web pages must provide library media specialists with e-mail or hard copy permissions before the Web pages are published. Printed evidence of the status of "public domain" documents must be provided.
- c. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.

- d. The “fair use” rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- e. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Electronic Mail – The E-mail system is owned and controlled by the school and district. E-mail is provided to aid students in fulfilling their duties and responsibilities, and as an education tool.

- a. The school and district reserve the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student or staff member to an electronic mail account is strictly prohibited.
- b. Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.
- c. Electronic messages transmitted via the school district’s Internet gateway carry with them an identification of the user’s Internet “domain.” This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school and district. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.
- d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message’s authenticity and the nature of the file so transmitted.
- e. Use of the electronic mail system constitutes consent to these regulations.

Access to Student Social Networking Passwords & Websites

School authorities may require a student or his or her parent or guardian to provide a password or other related account information in order to gain access to the student’s account or profile on a social networking website if school authorities have reasonable cause to believe that a student’s account on a social networking website contains evidence that a student has violated a school disciplinary rule or procedure.

Guidelines for Student Distribution of Non-School-Sponsored Publications

A student or group of students seeking to distribute more than 10 copies of the same material on one or more days to students must comply with the following guidelines:

- 1. The student(s) must notify the building principal of the intent to distribute, in writing, at least 24 hours before distributing the material. No prior approval of the material is required.

2. The material may be distributed at times and locations selected by the building principal, such as, before the beginning or ending of classes at a central location inside the building.
3. The building principal may impose additional requirements whenever necessary to prevent disruption, congestion, or the perception that the material is school-endorsed.
4. Distribution must be done in an orderly and peaceful manner, and may not be coercive.
5. The distribution must be conducted in a manner that does not cause additional work for school personnel. Students who distribute material are responsible for cleaning up any materials left on school grounds.
6. Students must not distribute material that:
 - a. Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
 - b. Violates the rights of others, including but not limited to, material that is libelous, invades the privacy of others, or infringes on a copyright;
 - c. Is socially inappropriate or inappropriate due to the students' maturity level, including but not limited to, material that is obscene, pornographic, or pervasively lewd and vulgar, contains indecent and vulgar language, or sexting as defined by School Board policy and Student Handbook;
 - d. Is reasonably viewed as promoting illegal drug use; or
 - e. Is primarily prepared by non-students and distributed in elementary and/or middle schools.
7. A student may use the School District's Uniform Grievance Procedure to resolve a complaint.
8. Whenever these guidelines require written notification, the appropriate administrator may assist the student in preparing such notification.

A student or group of students seeking to distribute 10 or fewer copies of the same publication on one or more days to students must distribute such material at times and places and in a manner that will not cause substantial disruption of the proper and orderly operation and discipline of the school or school activities and in compliance with paragraphs 4, 5, 6, and 7.

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Chapter 8

Athletics and Extra-Curricular Activities

Athletic Rules & Code of Conduct

The Athletic Code applies to all students who want to participate in athletics. Athletics includes competitive sports, extracurricular activities, cheerleading and pom-poms. This code applies in addition to other rules and regulations concerning student conduct and imposes additional requirements on student athletes and cheerleaders.

Participation in athletics is a privilege. Those who participate in athletics have a responsibility to favorably represent the school and community. Student athletes are expected to conduct themselves both in and out of school in a manner appropriate to their

responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the privilege to participate in athletics may be lost in accordance with the terms of this Athletic Code.

IHSA [or] IESA

Eligibility for most athletics is also governed by the rules of the Illinois High School Association [or] Illinois Elementary School Association and, if applicable, these rules will apply in addition to this Athletic Code. In a case of a conflict between IHSA [or] IESA and this Athletic Code, the most stringent rule will be enforced.

Eligibility

To retain athletic eligibility, an athlete must have passed all academic course work in the semester preceding his or her athletic eligibility and must have passed all academic course work in the week preceding his or her athletic eligibility.

Requirements for Participation

An athlete must have the following fully executed documents on file at the school office before the athlete's first participation in any activity:

1. A current physical examination report completed by a physician licensed in Illinois to practice medicine in all its branches which finds the athlete is physically able to participate; and
2. A permission slip to participate in the specific sport in which the athlete intends to participate signed by the athlete's parent or guardian; and
3. Proof the athlete is covered by medical insurance; and
4. A receipt showing the athlete and his/her parents received a copy of the Athletic Code, understand the terms of the Athletic Code and agree to abide by its terms and conditions.
5. A signed agreement by the student not to use any drugs on the IHSA's most current banned drug classes list and an agreement to take part in random testing for these substances.
6. A signed agreement by the student's parent or guardian authorizing random performance-enhancing substance testing and recognizing the dangers of drug use.

Behavioral Conduct

Special Education

Education of Children with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office.

Discipline of Students with Disabilities

The school and district will comply with the Individuals with Disabilities Education Act (IDEA) and the Illinois State Board of Education’s *Special Education* rules when disciplining students with disabilities. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified

inappropriate behaviors. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability as determined through a manifestation hearing. Any special education student whose gross disobedience or misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures.

Exemption From Physical Education Requirement

A student in grades 3-12 who is eligible for special education may be excused from physical education courses if:

1. The student's parent/guardian agrees that the student must utilize the time set aside for physical education to receive special education support and services, or
2. The student's individualized education program team determines that the student must utilize the time set aside for physical education to receive special education support and services.

The agreement or determination is made a part of the individualized education program. A student requiring adapted physical education will receive that service in accordance with the student's individualized education program.

Request to Access Classroom or Personnel for Special Education Evaluation or Observation

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child.

For further information, please contact the school principal.

Chapter 10

Student Records and Privacy

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

2. Mental or psychological problems of the student or the student's family.
3. Sexual behaviors or attitudes.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.

6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 15 school days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to request the amendment of the student's education records that the parent/ guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

3. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a

student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records. Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student's records are being forwarded to another school to which the student is transferring. Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

5. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Gender
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students’ names, addresses, and telephone numbers, unless the parent/guardian, or student who is 18 years of age or older, request that the information not be disclosed without prior written consent. If you wish to exercise this option, notify the building principal.

7. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student’s temporary record which such individual may obtain through the exercise of any right secured under State law.

Standardized Testing

Students and parents/guardians should be aware that students in grades third through fifth will take standardized tests on reading, math, and science. Parents are encouraged to cooperate in preparing students for the standardized testing, because the quality of the

(2) Enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

Title I Program

Mulberry Grove Elementary School is a participant in the federally funded and state monitored Title I program.

What is Title I?

Title I is a school wide program designed to assist students who need extra help to succeed in school. Title I instruction is intended to provide reinforcement and support to give students the extra assistance they need to be successful. The local program and budget are written each year and submitted to the state for approval. The program is designed to address concerns identified in the community and in the parent survey conducted each spring. Evaluation of student performance is based on progress in meeting learner outcomes in reading and math.

How are parents involved in the Title I program?

An important component of the Title I program is parental involvement. The success of the program and benefits to the students are dependent on parents being aware of the

program and having input into its development. Mulberry Grove Elementary School greatly appreciates the time and effort parents put into the program and working with teachers in making this a positive learning experience for our students.

Parents will be asked to participate in their child's learning program by any of the following means.

- Attending parent/teacher conferences offered during school hours and after hours to discuss their child's progress and strategies to reinforce and support instruction.
- Support learning experiences for the student.
- Attending Open House night to learn about the Title I program and strategies that parents can use to assist their children during the school year.
- Maintaining communication with all teachers to monitor student performance and support the education program.
- Completing a Title I questionnaire.

Parental Involvement (Title 1)

The school annually has a meeting for all Parents/Guardians, which takes place at the November PTO meeting at 7:00 pm in the district library.

At the meeting, the school will discuss parental involvement, and opportunities for Parents/Guardians to get involved in the education of their children. Parents/Guardians are encouraged to attend the meeting and participate in the discussions that occur. Parents/Guardians should use the meeting as an opportunity to ask questions, make suggestions, and learn about all of the opportunities and programming available for Parents/Guardians to be fully involved in the educational process.

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/Guardians will be given notice of meeting availability at the beginning of each year, and at least two weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/Guardians are encouraged to inquire about available meeting times, and to work with teachers. Parents/Guardians will be involved in an organized and timely way when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

School programs, in addition to the standard educational curriculum, in which Parents/Guardians may wish to become involved include:

Family Reading Night

- (c) opportunities for regular meetings to formulate suggestions, share experiences with other Parents/Guardians, and participate as appropriate in decisions relating to the education of their children if such Parents/Guardians so desire; and
- (d) timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the state, the federal government and ourselves.

In order to better assist in educating the students, we need the help of all parents and guardians. We ask that you help us educate children by monitoring attendance, homework completion, and television watching; by volunteering in your child's classroom; and participating, as appropriate, in decisions relating to the education of children and positive use of extracurricular time.

The school endeavors to do its best to provide all information in the language best understood by parents and guardians. Questions about language alternatives should be directed to Mr. Koontz at (618)326-8811.

Parents/Guardians of participating children have a right to appeal the contents of this policy. The district will submit any parent comments when this plan is submitted to the State. Any questions or concerns should be directed to Mr. Koontz at (618)326-8811.

The state's resources on parental involvement can be located at <http://illinoisparents.org/>. The state's website on parental involvement provides information, training, and support for parents and schools on various websites which may be useful or interesting to parents and students, and provides advice and information about how to get involved and participate in the educational process. Resources are provided by search, by county, and by categorical query.
